PREVIOUS STUDY

TUITION FEE LOANS AND MAINTENANCE GRANTS

This support is not available if you hold an equivalent or higher level qualification to the one you are going to study. If you hold a lower level qualification or have previously studied in higher education but not achieved a qualification, support may be available but this will depend on the number of years that you have previously studied.

The previous study rules apply to Fee Loans and the Maintenance Grant/Special Support Grant. The rules do not apply to supplementary grants such as the Disabled Students' Allowances or Dependents' Grants.

The rules relating to previous study are complicated. If in doubt about entitlement to funding, students can contact their local Student Finance NI office/ELB or NRC Student Finance Office.

LEAVING YOUR COURSE OR TRANSFERRING TO A NEW COURSE

Students withdrawing or transferring course can make changes with Student Finance NI online until the day before their course starts.

When the course starts students must notify the College if they intend to withdraw, or transfer courses. For more information contact Student Finance unit Trostan Avenue or email studentfinance@nrc.ac.uk

It is important to remember that leaving your course before it ends or transferring to a new course, could affect how much help you get if you take another course in the future.

Please talk to your College as soon as possible. You will still be liable for the College tuition fees and any percentage of Tuition Fee Loan paid by the SLC.
